

Ourselves

We are scientists!

Can you ?

Name and label basic human body parts?

Talk, draw and write about our five senses (see, hear, taste, feel and smell)...

Consider which body parts are associated with each sense (could we see things if we didn't have eyes?)

Which are our favourite senses and why?

Which sense is the most important?

We are Bookworms!

Can you read about Ourselves or Victorian life?

Could you...

Borrow books from the library?

Read fiction and non-fiction?

Read to your family?

We are historians!

Can you become a Victorian child?

Can you...

Find out how they would dress and then dress up the same.

Find out what games they would play, and play them.

Find out the food a Victorian family would eat and copy them for a meal or a day.

Draw what your home would be like.

We are cultural!

Can you visit museums and galleries to find different portraits?

Maybe...

Bolton Museum (only basement exhibitions open at the moment)

Smithells Hall,

The Lowry

or any others!

We are mathematicians!

Counting, writing, comparing and ordering numbers 0 to 10.

Number bonds to 10.

Adding within 10.

Subtracting within 10.

We are Artists!

Can you be an art detective?

Can you find portraits on everyday items like vases or clothing? Stick a photo of them or write or draw about them in your learning log.

Can you be a portrait artist?

You could create a collage, painting, drawing or take photos.
